

Shaping your future

MBA

The MBA is an internationally recognised general management course aimed at developing business, management and leadership skills.

Our MBA is designed to introduce you to the essential areas of business such as; finance, marketing, economics, strategy, leadership, organisational behaviour and operations management.

- Develop skills for leadership and transformational roles in business in the changing external context within which you are likely to operate.
- Develop multidisciplinary and international perspectives around the concepts and issues surrounding major management disciplines.
- Cultivate the ability to analyse, synthesise and apply knowledge and understanding to solve management problems critically, rationally and rigorously.
- Gain an appreciation and application of contemporary management and information systems to aid strategic decision making in business and management.

* Evening and weekend mode of study open to UK and EU nationals only.

Course overview

The overall objective of this course is to educate and develop individuals as managers and business specialists, adding value through an integrated, applied and critical understanding of management and organisations, as well as the development of professional, transferable and intellectual skills that are essential for successful general and strategic management in private, public and third sector organisations.

The MBA places a strong focus on enhancing the employment prospects of its graduates. Previous Ulster University alumni have secured positions within large multinational organisations such as Diageo, PwC, Deloitte and KPMG as well as small-to-medium sized enterprises.

Example modules

Modules studied may include: Marketing; Accounting and Finance; Innovation and Entrepreneurship; Economics and the Business Environment; Managing People in the Organisation; Operations Management; Leadership and Change; Management Research Methods; E-Business; Strategy and a final Management dissertation.

What our students say

“I love the learning environment, the lecturers use a mix of theoretical and practical teaching styles that are always tailored to our needs.”

Raja Nadeem Ashraf – United Kingdom
